Dear Mr. Faryan:

Per recent conversations I am enclosing the following items: the most recent map of Downers Grove, prepared by our consultants, with private well sample locations and PCE and TCE ranges plotted by color, listings of Round 1, 2, and 3 sample results, and the survey of businesses in and around the Ellsworth Industrial Park conducted by IEPA field office personnel.

An update of the map will be forwarded to you upon receipt next week. The update will include plotting of wells sampled in mid October.

Steve, I'm looking forward to working with you on this project.

Sincerely,

Joseph P. Dombrowski
